The Senators Organisation remains committed to embracing their constitutional requirement of promoting the advancement and education of young people in the art of marching music whilst recognising the need to further expand and explore the opportunities for performance available for its committed membership and alumni to further enhance the Senators experience of all.

To this end the Senators Drum and Bugle Corps will be adopting a dual focus policy for 2006 with a combination of an “exclusively youth” and “predominately youth” based membership.

The Senators 2006 summer program is varied and extensive with 8 engagements already secured and diarised and is in line with the organisations commitment of some 18 months ago to transform the Senators from an organisation that exists to compete into an organisation that competes as part of its wider prospectus and program.

A full schedule of events, rehearsals and membership requirements along with more detail and comment with regards to the Senators plans for 2006 will be posted on the Senators Website [www.senators.org.uk](http://www.senators.org.uk) in due course.
